*To our beloved friends throughout the world  
who have endured with us through  
our trials and triumphs in Jesus Christ.  
Without you his Lost Teachings  
could not have been preached and  
published in every nation.*

Publications of Summit University Press that display this crest are the authentic Teachings of the Ascended Masters as given to the world by Mark L. Prophet and Elizabeth Clare Prophet.

## *Foreword*

**B**lessed readers, bear with us as we unfold the mysteries of God. Be patient with our effort as together we walk and talk with Jesus and the servant-sons and -daughters in heaven whose revelations we bear. For as emissaries of their teaching, we must attempt to make plain according to twentieth-century thinking and beyond and theological modality a vast gnosis of the Lord that does and does not necessarily fit the mind-sets and mind-traps of the very ones for whom his Lost Teaching is sent.

Above all, have patience with yourself, endure to the end of our treatise and pray fervently and without fear to the Holy Spirit to enlighten you—both through and beyond the written word. These pages are a garden path where you meet the Lord Jesus and the masterful beings and intelligences who comprise the “cloud of witnesses” to the Universal Christ, whose point of Light is also in ourselves.

In these four volumes of *The Lost Teachings of Jesus* series we bring you the most precious instruction we have received for lifetimes from our Good Friend and the Shepherd of our souls. While the

words and images may not be those Christ used two thousand years ago, you will find the heart of the message he imparted on the road to Emmaus; at Bethany with Mary, Martha and Lazarus; at meat with sinners and publicans; to the multitudes on the desert, by the sea, and in the mountains; in the synagogue at Nazareth; in the Temple at Jerusalem; and on the Mount of Transfiguration with Peter, James and John—as well as the message he whispered in the ear of Paul.

You won't find two dozen lost parables with a cast of sowers, servants, rich men, virgins and mustard seeds. But you will learn from our cast of Fords, Chevys, homegrown philosophers, our Pierre and our parrot and from the many portraits of life from which Jesus has drawn to teach us the fine points of the Law.

You won't find verbatim the words and phrases expunged from the Gospels, but you will find the essential truths they contained as well as some of the Lord's most precious secrets which we herein transcribe—some plain for all to see, some hidden in enigma for riddle lovers and detectives to sleuth and solve. You may find yourself rereading these volumes as you carefully choose the missing pieces to fill in the mosaic of your inner life as you commune with the Master in the cloisters of your soul.

The chapters we set forth for you in the name of Jesus Christ and in defense of every seeker for his Truth contain the fundamentals of his Lost Teachings which he himself has taught us. Profound in

their simplicity, when understood they lead to the complexities of the Law of every man's true nature in God.

The four books in this series consist of fourteen lectures delivered by Mark between 1965 and 1973, illuminated by the lessons Jesus has given us in dictations, sermons and letters over the past thirty years. The message that unfolds as the rose of Sharon is compiled from these as well as private conversations with the Master. It is the Lord's gift to your soul, that you might keep his flame and not lose the way when the darkness of personal and planetary karma covers the land and all else fails of human institutions and nations and their armies and armaments.

As he said to us, "Though heaven and earth pass away, my Word shall live forever—in the hearts of those who are the spiritual survivors of earth's schoolroom. Go and find them and show them the Way!"

Especially do we urge those who have never contacted the heart of Jesus' teachings as we have presented them in our ministry to read with new hope these chapters of the Saviour's wisdom. They are gathered together for the dissolving of schism in the body politic, for the furtherance of the spirit of ecumenism—and for the healing of the diseases of the flesh and the mind, and of the soul's anguish in its aloneness in time of trouble and mourning.

O world, you need this Teaching more than you know for that which is coming upon your soul

and the souls of your people in the days ahead. May you take the little book and eat it up, enjoying the sweetness in the mouth, resisting not the bitterness in the belly, but understanding the necessity for the full alchemy of the Word to work his work in you.

We are the two witnesses standing now, one on either bank of Life's great river. We preach his Everlasting Gospel and the hidden wisdom: for the Lamb is come—and the mystery of God which was not to be finished till the days of the voice of the seventh angel.

The prophecy is fulfilled. That which was spoken to the disciples in the upper room is being shouted from the housetops. At last the path of discipleship to which Jesus called his chosen does appear for all to see and know and enter in these end times of the Piscean age—for the Light of Aquarius dawns.

With our life we have given the Saviour's discourses to your hearts' keeping, fully assured by Jesus himself that through these pages and your oneness with his sacred heart, you may seek and find the keys to the kingdom.

The Lord is waiting. Please take his gift, entrusted to us for you, before it is too late.

Faithfully,

Servants of God in Jesus Christ

*These are the very things that God has revealed to us through the Spirit, for the Spirit reaches the depths of everything, even the depths of God. After all, the depths of a man can only be known by his own spirit, not by any other man, and in the same way the depths of God can only be known by the Spirit of God.*

*Now instead of the spirit of the world, we have received the Spirit that comes from God, to teach us to understand the gifts that he has given us.*

*Therefore we teach, not in the way in which philosophy is taught, but in the way that the Spirit teaches us: we teach spiritual things spiritually.<sup>1</sup>*

*—The Apostle Paul*

*What you have come to is Mount Zion and the city of the living God, the heavenly Jerusalem where the millions of angels have gathered for the festival with the whole Church in which everyone is a “first-born son” and a citizen of heaven.*

*You have come to God himself, the supreme Judge, and been placed with the spirits of the saints who have been made perfect, and to Jesus, the mediator who brings a new covenant. . . .*

*Make sure that you never refuse to listen when he speaks. The people who refused to listen to the warning from a voice on earth could not escape their punishment, and how shall we escape if we turn away from a voice that warns us from heaven?*

*That time his voice made the earth shake, but now he has given us this promise: I shall make the earth shake once more and not only the earth but heaven as well. . . .*

*We have been given possession of an unshakable kingdom. Let us therefore hold on to the grace that we have been given and use it to worship God in the way that he finds acceptable, in reverence and fear:*

*For our God is a consuming fire!<sup>2</sup>*

—Hebrews

*Chapter One*

**THE RELATIONSHIP  
OF MAN AND GOD**

## *The Relationship of Man and God*

It is our desire to create in you an awareness of both the external world in which we live and the creative intent that framed it—that loves us, that loved us from the beginning, that will always love us—whose substance, spun out from His own heart, created all things we come in contact with, including the substance of our own soul.

This is the relationship of Man and God.

And this we must realize. We must realize the infinitude of God's love, a moving Love that moves vitally throughout all the forces of nature. The diastole and the systole of the heart are the closest physical contact we have with this mighty movement of Love because we can feel, even hear, the rhythmic pulsation of the love of God within ourselves.

And this breathing nearness, even to the sacred fire breath, ought to create the awareness in ourselves that something highly intelligent, highly sensory, reaching out and reaching to enfold each of us, is concerned for our welfare and concerned that we love one another.

The love of God is not a human love. It transcends all human loves, and it brings all love to the fructification of genuine purpose that endures not just for our lifetime but endures with the pyramids and particularly with the Pyramid of Life.

### *Genes and Genealogies of the Holy Spirit*

As we begin, then, to examine the external chain of events that manifests around us, weaving together the invisible fibers of mind/memory/emotion that sustain our spiritual/material integration with the Universal, let us consider for a moment the RNA and the DNA factors that, generation after generation, direct the quality of life within the genes which produce the differentiation of man's physical nature and even retain some remnant of his character drives from previous lives.

Let us look for a moment at the substance that God has placed in the sperm and in the egg, each one contributing 23 chromosomes to the embryo. They say the 46 chromosomes contain all of those 'chips' that program everything from the color of our eyes and the texture of our hair to our stature, our body build, mentality, dexterity, our thought processes and attitudes.

What is not generally known is that, just as a miniature replica of physical man is contained in his genes, so the spiritual blueprint, the formula of his relationship to his God, is stamped electronically on the etheric counterpart of his genetic code. Moreover, in the spiritual nucleus of the atom of self, sealed in innermost being, the Sons

of God also retain the spiritual ‘genes’ of their Christic seed. Thus we approach the white-fire core of Man’s relationship to God.

As lifetime succeeds lifetime, the spiritual attainment (gifts and graces accrued through integration with the Holy Spirit) of a lifestream, though dormant for a season, cannot be lost—unless he himself abnegate his Sonship by free will. Nor can this sacred-fire momentum of true being be transmitted alone through the physical, human genes.

Albeit born to the mundane, among the worldly but not of them, the Lightbearers whose souls come from far-off worlds suffer no dilution of their divinity in their members, nor is their enthusiasm for the things of the Spirit dampened by the genus *Homo sapiens*—that thinks it begot the Son of God but did not: for the son of man, the vessel only, is its lot.

By the Universal Mind, *you*, beloved of the Light, are the begotten of the LORD! The coats of skins you wear are just that . . . Never the spirit was born, the spirit shall cease to be never—however so mortal, so subject to mortality the house of it seems . . .<sup>1</sup>

In the case of spiritual offspring born to spiritual parents, these may be strengthened in externalizing their heavenly patterns through the “passing on” of spiritual traits and the transfer of sacred fire in the life-force, parent to child, as well as by the magnetism of the auric spheres of the father and mother. These spheres envelop them from conception on as a spiritual swaddling garment nurturing

the soul throughout their life span, providing the optimum conditions for the embodiment of the causal body of the inner man. Nevertheless, the attainment, in order to be retained, self-realized, must be solely their own.

We find reference in the writings of Paul to the passing on of spiritually hereditary qualities, whether through the genes and chromosomes or by some other means: “The unfeigned faith that is in thee dwelt first in thy grandmother Lois and thy mother Eunice.”<sup>2</sup> Do you understand?

So we begin to realize that there is a passing on, even in a spiritually genealogical way, of spiritual qualities. This is through consciousness and the causal body, the aura and the etheric blueprint; for after all, we are not mere creatures bearing after our kind as beasts of the field.

You can be the instrument of the Holy Spirit in all that you do, and your creations as well as your children can receive through you a measure of heavenly light. So don't sell short your potential as a progenitor of Good. Even as you daily re-create your self after the Perfect Design, you can pass on to yourself and to the offspring of your mind good qualities and bad. And you can stamp out the latter just as easily as that, through the violet transmuting flame!

And this violet flame transmutation of one's genes and chromosomes is the only lawful genetic engineering there is! Because inherent in the violet flame is the God-control of the Holy Spirit. This

is the spiritual science of genetic engineering practiced by the Sons of God. And this is where true science and the mysteries of God converge in the golden man of the heart.

Yes, there are spiritual forces alive within the 'quick', or quickened, who, by definition, have the divine spark. These forces cannot be touched by the 'dead' grown cold, by self-definition, to the things of the Spirit, who procreate after the natural man. And wisely so, for today, in our time, we are finding once again as in the age of Atlantis (for life does recycle) that 'accidents' of de-evolution as well as experiments in recombinant DNA are producing human mutations.

### *Extraterrestrials Violate Man's Creative Freedom*

Scientists who lived thousands of years ago on that lost continent of which Plato wrote were far in advance of our present-day geneticists. Many people do not realize this, but it is true. More than twelve thousand years ago mutations were created in the laboratories of Atlantis that developed into grotesque formations—half human, half animal.

From the akashic records\* we read the history of mankind's self-ruination through their cooperation with the experiments of the Nephilim gods and their birth goddesses.<sup>3</sup> And there was no end to the vile 'things' they created for their pleasure—animated robots, slaves that did their bidding—and then got out of hand.

(The sorcerer's apprentice may yet be loose on

\* *akasha*: primary substance which fills the whole of space. See page 297 n.3.

planet earth! Which species do you think is most out of control—most capable of wanton recklessness on a whim, or by the law of the jungle? What animal or creeping thing or microbe when let out of the zoo is most inimical to his own species?)

It must not be forgot that, above all, they wanted control—of Camelot and *more*. But neither it nor the Once and Future King nor his chelas would be horsed or unhorsed against their will. It's true! The genetic engineering of the human race and lower creatures became their *modus operandi* of controlling God and Man and their relationship on earth. But not for long.

“Thus far and no farther!” The resounding fiat of Solar Logoi quivered the cocoon of the matter cosmos.

“And GOD saw that the wickedness of man was great in the earth, and that every imagination of the thoughts of his heart was only evil continually. And the LORD said, I will destroy man whom I have created from the face of the earth; both man and beast and the creeping THING . . .”<sup>4</sup>

And this is something out of the mists of planetary records, stored also in the collective unconscious of the race of mankind, that you ought to take time to think about.

This is why GOD (through Elohim\*) *had to* destroy the products of Nephilim experimentation—for they stole the genes of the Man made

\*In the order of hierarchy, the Elohim are among the beings who carry the greatest concentration, the highest vibration of Light. *Elohim* [Heb., plural of *Eloah*], refers to the twin flames of the Godhead—the “Divine Us,” who created male and female in their image and likeness. The Seven Mighty Elohim and their feminine counterparts are the builders of form.

by the Divine Us to imprison both God and his creation in monstrous creatures which were not only distortions of God's purposes and intent, but also a defilement of the Divine Image itself:

The head and torso of male or female humans on the bodies of horses (these were the same sort of people we find today who did and still do allow themselves to be both horsed and unhorsed!) and all kinds of abominations, such as the mythological satyr—hideous goat men and other strange types too grotesque to even speak or think about. Such as these did the bidding of laggard scientists of the left-handed path (commonly called the seed of Satan) who had migrated in spacecraft from other planets, bringing with them their know-how, their assistants, and their laboratory specimens.

According to the Edgar Cayce readings, these mutants were the result not only of genetic tampering but also of the union of animals (*Homo sapiens*?) with the "THINGS." The most renowned psychic reader of the century left us the following record on the Atlantean era:

"There was not a laboring for the sustenance of life (as in the present), but rather individuals who were children of the Law of One—and some who were the children of Belial (in the early experience)—were served by automatons, or THINGS, that were retained by individuals or groups to do the labors of a household, or to cultivate the fields or the like, or to perform the activities of artisans."<sup>5</sup>

Interpreting his father's readings on Atlantis, Edgar Evans Cayce says the term "THINGS" refers

to “the life form creations of the spiritual beings [we believe, the Nephilim] who had projected themselves into materiality. . . . The earth was proceeding along an evolutionary pattern . . . which was interrupted by the projection into materiality of these thought forms. It sounds as if they, in many cases, mixed with animals, the results being sometimes quite bizarre.”<sup>6</sup>

Based on his Cayce research, Brad Steiger in his book *Atlantis Rising* concludes that some of these creations carried “physical deformities such as feathered appendages, webbed feet, and other animal-like features. . . . As an extra, insidious feature of Atlantean culture, the sons of Belial soon discovered cybernetic control of the human brain. They cracked the DNA code, enabling them to shape heredity. Such control resting in unethical hands could only result in the creation of more ‘THINGS.’”<sup>7</sup>

Well, it was precisely this violation of the RNA and DNA chains that interfered with and severely curtailed Man’s relationship to God. “How could this be?” you say. You see, through the control of the brain waves and the neurological system with its delicate balance in the interchange of the life-force from Spiritual Man through the chakras to the organs and cells of generic man, the sons of Belial,<sup>8</sup> to use the Cayce term, altered humanity’s genetic capacity for psychic (*soul*, or ‘*solar*’) awareness.

They interfered with the web of light (the antahkarana<sup>9</sup>) that interconnects the etheric, astral and physical/mental vessels through which the

intimations of the Godhead are received in the spiritually evolved lifestream. By this genetic 'brain-washing' and then the control of the four lower bodies\* through the mass media and the programming of the young from earliest years, the sons of Belial reinforced the blunting of the thought receptors in generic man and short-circuited his receptivity to the higher frequencies of Spiritual Man attuned to the Universal Mind.

In other words, the sons of Belial waged war against the seed of the Ancient of Days by engineering a mortal man, subject to their genetic formulas of built-in limitation — and planned obsolescence. They purposed to stunt the soul faculties of the Lightbearers by tampering with the physical instrument, the earth bodies they would wear, the vehicle through which the soul was intended to recall and re-create not only the divine gnosis from the causal body but also the knowledge gathered in other lifetimes and on other systems of worlds.

And this is the story, in part, of the conspiracy by which God 'died' on Atlantis or, shall we say, was effectively eliminated, by premeditated murder, from generic man's conscious soul-awareness.

You see, where the Spirit of the LORD is not free to be, to move, to evolve and to reveal himself in Man, in Woman, as the twin flames he created out of the white-fire core of his Being, then we say God is 'dead' because his reason for being has been aborted — in manifestation.

---

\*the etheric, or memory, body; the mental body; the desire, or emotional, body; and the physical body

If God is not free *To Be* himself *in us*, if the I AM THAT I AM cannot establish his essential be-ness *through us*, then he is not alive in us. And if we do not give him his essential freedom to be alive in his children on earth by the free will he first gave to us, then it is not possible for us to be alive in him.

This denial of the spiritual freedom of God to be himself, at home within us, is the means whereby some have violated the only real relationship they have, for all other relationships proceed from it. Truly, we have no greater Friend than God (for he contains all others) in the whole of the universe.

Yet this man did.

Or, we should say, the fallen angels did! And the fact is they're still doing it. And mankind are still their victims—still falling for their fallen ways and their synthetic images flashing to their beat on the screen of the mind and the movies.

People don't consciously know this, because they've blocked it out. So when they hear about it, the shock factor makes them deny it by reflex. In their panic to preserve their sense of reason and sanity, they suppress what they know subconsciously but really don't want to know. Even in our day the conspiracy theory of history is ridiculed. They say there's no evidence of a connection between the historical events of evil and war, population management and planetary takeover.

Well, it's an inner tie, you see—and intergalactic. It's the astral connection. These ties are

ties by wavelengths of the mass consciousness and the collective unconscious of the false hierarchy who are very well connected indeed. The higher-ups are aware of their connection, if not in their outer minds, then definitely on the inner through their sympathetic vibrations.

Many who are involved with the forces of Anti-Light in the planetary conspiracy of Darkness don't know it on the outer; nevertheless, they respond on command or to preprogramming, and suddenly you find friends or people in high places you believed in coming out on the wrong side of Right—our Divine Right. And you just can't understand why they suddenly switched and voted for the enemy and not to give *meaningful* aid to the freedom fighters holding up the canopy of world freedom with their bare hands—or to *really* save our children or to wipe out drugs, drug-pushers, pornography and other foul things that debase the human spirit.

Don't look now, but Candid Camera's watching you watching factors of control from the invisible conspiracy!

We're telling you about the "Watchers" so you won't be fooled anymore and so you'll call upon the LORD's angel for protection—so you'll befriend that great prince Archangel Michael and ask him to bind the descendants of the fallen angels he long ago cast out of the heaven-world<sup>10</sup>—before they completely destroy this earth.

Let those who don't want to know (or don't

want you to know they know) laugh if they will when you tell them about this conspiracy of the fallen angels working through the ICCC—that’s the International Capitalist/Communist Conspiracy—which this seed of the wicked have contrived and propped up in their so-called Order and ordering of ‘things’ in our universe: Because it’s an uneasy laugh and it’s a cover-up—whether conscious or unconscious.

People of America, mankind of earth: you cannot forever escape your collective unconscious, which retains every detail of this traumatic race memory. The akashic records are there for all to see, and they do not lie. Jesus wants you to know this.

The Ascended Masters have shown us that the Atlantean records of genetic horror and cataclysm which remain in the subconscious of everyone alive today on planet earth as an indelible race memory are the real cause behind modern-day anxiety, insomnia, hysteria, psychosomatic diseases and mental disorders and so many karmic ailments outcropping in the flesh.

Likewise, mankind’s vulnerability to religious and political fanaticism—seeking a saviour or a demagogue for deliverance from impending genetic manipulation, the nuclear nightmare, and ensuing cataclysm—derives from their prior subjugation by the “giants in the earth” and the records of the nuclear annihilation of Sodom and Gomorrah<sup>11</sup> and the Sumerian civilization; as well as those of the sinking of both Lemuria and Atlantis.

These records which constantly crop up in psychic readings and predictions are cast upon the screen of the future by those who do not properly pace the “time-frames” in the perspective of the “then” and the “now.” While watching the replays of “the thing greatly feared,” of ancient, horrific holocaust and violent geologic change with endless scenarios of the unbelievable evil wreaked upon a naïve and trusting child-humanity—that very “thing feared” becomes their own self-fulfilling prophecy of the present.

It is proverbial: history repeats itself because men do not transmute the records of their fears and transcend by Love those fearsome things which otherwise will be forced upon them by the Law of Karmic Resolution and the Law of Compensation, her twin sister. To paraphrase the oft-quoted Santayana, “Those who refuse to remember or to take corrective action concerning the past are condemned to repeat it.”

For the Law of Nature and Nature's God demands resolution in all planes of life, and until the Law is satisfied, there will be no escape: the returning planetary karma will come upon the people, and their untransmuted fears will beget—and they are already begetting—a terrified and terrifying inertia. Thus, just beneath the threshold of the conscious mind in the now superficially sophisticated *Homo sapiens*, we discern the source of the inescapable torment of man in the twentieth century and beyond.

Driven to surface levels of experience by the nonresolution of what lies just beneath, they seek escape in noise, an unceasing nervous agitation (addiction) of rock music, the fictions of TV and the fantasies of the sexual squandering of the life-force. And everywhere they are pounded by synthetic sounds satiating and further dulling their senses, dulled by sugar, alcohol, drugs and chemical/astral alternatives to *the direct apprehension of Reality*, frightening as it may be—and to conscious contact with the living God, demanding as it is bound to be.

It reminds me of that funny song they used to sing in the 1950s called “The Thing.” You’d hear them going down the street, “Oh, get outa here with that \_\_\_ and don’t come back no more!” And they’d stomp their feet. The words were harmless enough but they had sort of an ominous, or maybe I should say uneasy, feeling about them. Now I know why. See what you think:

While I was walking down the beach  
 one bright and sunny day,  
 I saw a great big wooden box  
 afloatin’ in the bay.  
 I pulled it in and opened it up  
 and much to my surprise,  
 Oh, I discovered a \_\_\_ (stomp feet three times)  
 right before my eyes.  
 Oh, I discovered a \_\_\_ (stomp feet three times)  
 right before my eyes.<sup>12</sup>

Personally, I think the suggestion is clear when you understand the subconscious and just what it

knows about the THINGS of Atlantis or such stories as the one about the frightful golem (robot) of the sixteenth-century that rebels against its maker and terrorizes the townspeople.<sup>13</sup> The stories of Frankenstein, the Munsters, and endless science fiction on the subject shows the necessity for a periodic discharge of the "THINGS" lurking in the collective unconscious with which present humanity is unable to deal *because of the power factor*.

People have a desperate need (and Hollywood's Atlantean comebacks generously oblige) to experience films on horror and disaster, murder and the macabre in order to neutralize what is underneath. They watch the movies all together in packed theaters as a group catharsis (like in ancient Atlantis when they huddled and cowered before the gods); they scream, cry, eat popcorn, and it's over: "It was only a film, fascinating food for thought, a release of physical/emotional tension. Such things can't be real." So they tell each other. And they exit in a wave — back to surface thinking and feeling, the "surf-er"/reefer/coke generation, comforted in their mutual head-in-the-sand, ostrich reinforcement.

In the song, the singer is walking down the beach — the place where earth meets water, where the rational concrete mind contacts the deep and the monsters of the subconscious and the unknown, unprobed depths of oneself. A "great big wooden box afloatin' in the bay" gets him curious and he decides to find out what's inside (of himself). He pulls it in, opens it up and much to his surprise he discovers "the THING." But he likes

it—he’s “as happy as a king.” The trouble is nobody else does—nobody else wants it. They all tell him, “Get outa here with that \_\_\_ and don’t come back no more!” Until finally he tries to take it beyond the pearly gates and Saint Peter tells him, “Get outa here with that \_\_\_ and take it down below.”

The THING symbolized the guy’s human creation, nonthreatening to his subjective self but recognized as dangerous by everybody in town, even his wife. This THING had to be boxed because it was overpowering—too overpowering. It was the unknown something to be feared, shunned, damned and definitely avoided at all cost—yet neatly neutralized by a harmless song and the thoughtform of the subconscious, the astral sea, with a floating compartment that sealed away the undesirable desire. An attempt, admittedly meager, to deal with relics of Atlantean geneticists that—bad news to the world—are still around today.

So if you find one of those THINGS, put it in a box and seal it tight. It’s the only thing you can do with any THING that’s out of hand in this day and age! That’s the way people feel. So they box up their fears in subconscious disposable containers and go singin’ down the street, their noise box, annoying all the way. That’s how they get your attention—and your energy.

(Strange isn’t it, when you come to think of it, that this *Homo sapiens* itself was designed to be the disposable container. I believe “expendable” is the term “they” use for “them.” Have you ever

had the feeling that Big Brother had you numbered and that you were dispensable to his designs?)

No wonder some claim ownership — “That’s my THING! Leave it alone. That’s *my* human creation!” They want to take it with them all the way to heaven. They never heard the line, “Ya can’t take it with ya when ya go!”

You see, people really can’t see what’s offensive about themselves — offensive to the Light, that is — and they want a human saviour that will take them the way they are — all the way through the seven heavens of the seven chakras. That’s what’s known as unconditional love. They want the universe to step aside and make way for their human creation — the whole kit and caboodle!

### *The False Gurus*

That’s why so many follow the false gurus. They tell them they can do anything they want to and still have God consciousness. Beware of them. They are no part of the Great White Brotherhood\* and the true Guru-chela relationship sponsored by Jesus Christ, Saint Germain and the Ascended Masters.

Yes, the aliens are in the temples made with hands.<sup>14</sup> Some are the false pastors of Christendom. In them the truth that “Jesus loves you” becomes a palliative and so they suffer their human creation instead of seeking and finding his Love through the fervent heat of alchemical transmutation and

\*The Great White Brotherhood is a spiritual order of Western saints and Eastern adepts who have reunited with the Spirit of the living God. The word *white* refers not to race but to the aura (halo) of white light surrounding their forms.

the fiery trial. And so people say, “Jesus loves me just as I am. I don’t have to change.” But Jesus doesn’t teach that. His path is one of change, daily change, all the way Home.

Then you see the false gurus of the Indian Black Brotherhood. They never exact *the* price, nor do they pay *the* price for your salvation—the balancing of your karma and the ennoblement of your soul. I know, they’re telling you they’re doing both—but remember, God placed his immortal Spirit inside of you: You don’t need a fallen angel disguised as Christ or Guru to impart to you what you already have. But if you do choose to fall *for* them and *with* them, oh yes, you will pay false sacrifices in the service of their human personality but they won’t teach you the true path of sacrifice, first of the THING, the human creation, and then of the spirit through the Work and the Word of the LORD.

Their false teaching is that you can do it all by raising the Kundalini and chakra meditation. These are techniques which when lawfully practiced under a true Master (even an unascended Master of the Himalayas) can afford balance and mastery; but salvation and the transmutation of karma by the Saviouress—service on behalf of the Mother’s children and the violet flame—is another path entirely.

Someone must pay the price. Jesus did. Someone—the true Guru must bear your burden until you are able. The true Guru will teach you how to pay the price—every jot and tittle—and this is the crux of Jesus’ Lost Teaching, the missing

ingredient without which your alchemical experiment in the laboratory of the soul will not succeed.

There are false Christs in every world religion today as well as in the various sects. You must examine them and base your evaluation not on their outer personality or words and more words, but on this criterion alone: Do they have the capacity to get you where you want to go? Will they lay down their life for you? Are they able to pay the price and do they wear the true mantle of Jesus Christ, Saint Germain and All Saints who comprise the Great White Brotherhood?

The saddest of all indictments of our society is that those who know and know better are still not curtailing the black magic of the fallen angels carried on in the name of science and in the name of religion.

If the sons and daughters of God do nothing to stop them in the remaining hours of the twentieth century (and beyond) but join them instead in their false religions and their pleasure and personality cults, seeking new thrills playing on and in their bodies in a rerun of old and vile experiments, then the cosmic forces of Nature will deliver their judgment as they always have — through wind and wave and “lightnings, and voices, and thunderings, and an earthquake, and great hail”!<sup>15</sup>

And humanity will know firsthand and too late the karma of doing nothing (they have a momentum on it, don't they!) about the molestation of Life, precious Life, by the aliens in their midst.

With one voice, on cue, we shall hear the anguished cry of the mankind, *Homo sapiens*: “The thing which I greatly feared is come upon me.”<sup>16</sup> And their betrayers will echo it.

And the aliens whom they have lifted up to be their kings and priests in the earth,<sup>17</sup> officiating between them and the LORD God—what of them?—and the great men and the rich men and the chief captains and the mighty men and every bondman (mechanization man and the false chela who serves and idolizes the false gods) and every free man? Shall they all not hide themselves, according to prophecy, in the dens and in the rocks of the mountains? Shall they all not say to the mountains and rocks:

“Fall on us, and hide us from the face of the Ancient of Days that sitteth on the throne and from the wrath of the Lamb. For the great day of his wrath is come; and who shall be able to stand?”<sup>18</sup>

It happened before and it can happen again: Came the flood of Noah, the Great Deluge that wiped all this from the face of the earth, “for it repenteth me that I have made them. . . .”<sup>19</sup> And the cataclysm that ensued sank the entire continent of Atlantis—supposedly.

And the fiat went forth from GOD (through Elohim) which trembled the web of light that passes throughout the universal substance: “Henceforth, let every seed bear after its kind.” And, as in all cases of divine fiats uttered from the heart of the Solar Logoi, the seed, the DNA chain, obeyed; and

human beings remained fixed to human beings, not to animals.

Had Man not compromised his Light through his interchanges with fallen angels and their laggard scientists, who were tampering with the creation of GOD out of sheer fascination for the robots and THINGS of Atlantis, and through his unrestrained curiosity to cohabituate with them (“Let’s see what it’s like, let’s do it, let’s find out for ourselves!”)—had the Man whom Elohim made remained his loving, obedient servant-Son, all blessings lawful unto his spiritual/intellectual/emotional growth and human/divine happiness would have been added unto him in due course.

But he did not. He would not. And for the moment, the fallen angels had their way—lusting as they did after the creative powers (the Christic Light) of the Sons of God, taking them by force, torture, and even in bloodletting rites performed in the “synagogues of Satan”<sup>20</sup> upon the bodies of the holy innocents—and upon their prisoners of war on the battlefields of earth.

Ultimately the betrayers among God’s children who joined the god-scientists and false priests would pay dearly in the stultification of the spiritual/physical development of their own genetic lifestream. To the present, the lost spiritual faculty (gene) has not been fully restored, nor the negative genes removed. This is the real reason why Jesus said, “Ye are not all clean.”<sup>21</sup> For the very reasonable karmic reason that the children of Israel have not

fully forsaken their secret desire to be wed to the machine!<sup>22</sup>

And he prophesied also of the religions who fail to set before their flocks the goal of the alchemical marriage to the Universal Christ. Who needs a computerized mate, for the love of Christ, when you can access the Mind of God and be fused to it!

While child-Man gropes with alternating allegiance to reestablish his personal relationship with God, the Nephilim—who have become more defiant *because* of the LORD's judgments, never humbled but only more cunning—continue their genetic experiments unchecked, to create superhumans, supermice<sup>23</sup> and a superrace of gods among us: Deus ex machina!

All of this which we have only touched upon is so far forgotten, so deeply buried that many today who actually have a threefold flame—who, throughout this planetary dark night of the soul, have retained the divine spark—do not believe (having enjoined themselves to the lie of the laggard races) that they can enjoy a personal relationship with God, with Jesus, on their own.

They have fallen for the multiple deceptions of the sons of Belial who have inserted themselves between Man and God, mediating where only Christ can mediate, sitting in the seat of Guru that belongs to him alone.

It is for this lie of the interlopers, and their perpetuation of the lie in their false “theology” in Church and State, that some do not believe that

God exists at all. Furthermore, they have believed the lie that they must go through someone else with superhuman psychic powers to get to “reality.” Having no self-identification in Christ and no apprehension of what is Real, they go after the sky-gods who summarily seduce them in all their chakras!

Having taken up their karmic evolution side by side with earthlings—through intermarriage and other importunate alliances, all the better to disguise themselves from *you*—the sky-gods maintain that certain disdainful presence which evokes worshipful admiration even while it projects revulsion, alienation and dire fear.

Such as these comprise the false hierarchies of embodied fallen angels who operate in the religious and pseudo-psychic, cultish fields, who are also seen prominently displayed as trendsetters in the media and on the political scene, blunting movements of the people and spiritual revolutionaries or any poor Joe that should ever raise a cry or a hand to demand an audit of their status quo of power—never to rise again.

Watch out for them. They’re in the banking houses and networks of international crime and drug trafficking, in the media and among the feigners of piety—and wherever there is the smell of money or human blood.

And they’ve done a switcheroo: They sponsor mass movements that seem to successfully challenge their forces of control, when they themselves

in fact are in control and always benefit from any social upheaval, war, economic crisis, or sudden shift in the market. Just when you think you're on the Right side, you're on their side.

No strangers to the lists of government are these: from sophist to socialist, pagan to communist to conservative right, these gods over men have created their metaphysical speculations by specious reasoning—"isms" which have no practical bearing whatsoever on feeding the hungry, healing the sick, raising the dead, cleansing the genetic lepers and casting out devils from the economies of the nations, from the body politic and its collective world conscience. Their angle in money manipulation on an international scale is to amass wealth, huge wealth, for power—for control, of the people.

And none of it—no matter what the window dressing—has any bearing whatever upon the realities of the ongoing War between those forces of Light and Darkness which have chosen sides: whether the cosmic solution of the Divine Mother or the anti-solution of the UFOs—the spiritual-suicide solution of the fallen angels beckoning mankind to "heaven" from their everywhere flashy, metallic, mechanization-concept spacecraft.

In contrast to this Babylonian nightmare hovering like the moon and the moon people and the people of the shem<sup>24</sup> and the plutocrats and plutonians, the unassuming children of the Light

understand that Christ is come to restore by the Holy Ghost that which was lost through genetic engineering and other genesis entanglements with the seed of the Wicked One.

They know and know well (for they are partakers in his Communion) that only through the heavenly hierarchy of the Universal Christ can the relationship of Man and God be guaranteed. And they know him to be the One who was and is the Mind of God present in Christ Jesus and all Ascended Masters—and in the Higher Consciousness of every issue of the seed of God yet unascended.

It is easy to see that many of the original plans of God have been distorted and that life is not as it should be on planet earth today. The powers that be—that were and still are among the alien gods—literally monkeyed with RNA and DNA, and they produced whatever genetic results they wanted to without having the genetic knowledge or the integrity of the Holy Spirit that a scientist of this capacity ought to have had. Yet they had the power. How they got it is another story, not for this volume.

Did you ever wonder how it is that, although everything upon earth was destroyed during the Flood, the evils of Atlantis are still with us? I used to, but I don't anymore.

The answer is quite simple when you know it. You see, the gods who commanded the skies and ruled the mankind of earth in those days were not

about to be overturned by the Deluge. Experienced karma-dodgers were they, accustomed to using the technology and the resources of the Divine Mother stolen from the Sons of Sanat Kumara to escape their fate. And that is exactly what they did in the midst of this planetary judgment unleashed through planetary forces by Solar Logoi.

And so the answer is twofold: (1) the gods took off in their spacecraft, circled the earth till the devastation was spent, landed when land appeared, and took up once again their scheming and subjugation of the survivors;<sup>25</sup> and (2) the rest of the Atlantean evolutions who fell into their camp reincarnated (their power severely curtailed by the Lords of Karma in the cutting or cutting back of the crystal cord); moreover, the laggard evolutions who had spawned a race of soulless flesh-and-blood robots carried with them — in the astral code of their genes, of course — their proclivity to do evil. Yet, the power of their overlords was also reduced — a fact which, to the present hour, they have gone to great lengths to conceal.

They can be had. They can be turned back. The hour of their Final Judgment is come. Archangel Michael and his hosts are here to do the job. Your call compels their answer.

“Fear not, little flock, it is the Father’s good pleasure to give you the kingdom.”<sup>26</sup> Take Jesus’ hand. This is his message of the Everlasting Gospel. Sons and daughters of God, take your stand; you are the LORD’s instruments. To him be the Victory.

## *The Corrupt and Powerful Brought to Judgment*

“Power tends to corrupt and absolute power corrupts absolutely” was an utterance made quite a few years ago, and the truth of it is before us still. And spiritual power can come under this heading as well as economic power, social power, and even psychological power.

We certainly should not consider the creation of so-called manikins that walk and talk and the interference with humanity’s genes to be apart from such abuses of power and say, “Well, we’re not concerned,” because here we are talking about the power to create a kind of life in a test tube and to alter this synthetic life in a test tube.

The pages of *Time* magazine and others have portrayed the intentions of our modern-day geneticists who are of the opinion that individualized freedom, genetic freedom, is bad for people. The question is, bad for what kind of people? Theirs or ours?

Are the Nephilim gods, who have used humanity for aeons, attempting to establish ground rules for their created race come again or for the children of Light? This much we know—they are yet determined to bottle and combine the genes of God’s children (in their recombinant DNA experiments) with the synthetic genes of their synthesized half-animal, half-machine, half-human, half-god creations.

One article reported that genetic researchers have devised tests to detect hereditary diseases in

pregnant mothers. If the tests show that the unborn child is seriously affected, the mothers-to-be are advised to have “therapeutic abortions.” One family with a history of a certain hereditary nerve disease, for which such a test has not yet been developed, is being urged by doctors not to have any children.<sup>27</sup>

And then you have people like Dr. H. Bentley Glass, an eminent geneticist, who was quoted in a popular science digest as predicting that leaders in the future will decree that parents “have no right to burden society with a malformed or a mentally incompetent child.”

The article went on to describe Glass’s view that “the future will be a far more regulated society” and that “screening of adult carriers of defective genes will make it possible to warn them against or prohibit them from having offspring.” Glass believes this “will be inevitably forced upon us by our exponential rates of increase.” “The once sacred rights of man must change in many ways,” he decreed.<sup>28</sup>

As the English would say, “Balderdash!” It is ridiculous to even make such a statement. Yet the ridiculous are holding the bag—of your inheritance and mine. Our genes are in their court. They hold them by the power of our life-force which they have corrupted. We’ve got to get them back. That’s all there is to it! And Archangel Michael can do it. And he *will* do it in answer to our call.

Let the sons of Belial who cannot hide behind their serpent skins be challenged by the Sons of

God in embodiment! These are the disciples of the Universal Christ who are “occupying” — as he said, “Occupy till I come”<sup>29</sup> — planet earth until his Second Coming and until the fallen angels, themselves genetic tares sown among the wheat, are bound by the hosts of the LORD.

Before leaving you somewhat discomfited by my subject, let me give you another angle on it — one which, though starkly, even frighteningly real, is both comforting and hopeful in the end.

In 1965 the Master R — founder of the original Hungarian House of Rakoczy, adept of Atlantis whose retreat, the Cave of Light, is in India, Teacher of the illustrious, including El Morya and le Comte de Saint Germain with whom he worked behind the scenes in eighteenth- and nineteenth-century Europe — contacted me to set forth his treatise on “The Mechanization Concept.”

His twenty-four-chapter discourse, dictated to me weekly for twenty-four weeks, includes a section germane to our discussion. I shall read to you, then, from the archives of the one known as the Great Divine Director. (His name is actually the title of his office in hierarchy by which he is respectfully addressed by his students who matriculate in the universities of the Spirit under that office.) Following are his words:

“Lord Bulwer-Lytton in his writing called *The Coming Race* revealed certain facts concerning the creation of mechanical man — i.e., the creation of automatons.<sup>30</sup> Those who wish to read the story

which he told concerning the descent of a young man into the earth and his finding of a strange city and its exalted inhabitants may do so if they are so inclined. . . .

“Now, the dear Christian Scientists maintain that there is no reality in evil or death, yet in their grand newspaper called the *Christian Science Monitor* they do bring before the public many of the untoward conditions which are occurring upon the planet today. I cite this in passing to show that even that which is known to be unreal to the God-head has its effect upon the world scene and the consciousness of man even though, admittedly, it be a temporary effect.

“And so you may consider that these old histories of past civilizations where the powers of both Good and Evil entered in are relatively unimportant to you today, but this is hardly true even as such conditions existing today are not unimportant. For it is well that mankind understand the origin of Evil, seen as they understand the origin of Good, in order that they may effectively eliminate the cause and core of ‘that which seemeth to be but is not.’

“Long ago, from a certain system of worlds there came bands who descended to earth, the hordes of shadow who were invited here by mankind (for mankind thought by the power of good example to elevate the consciousness of the laggard bands).

“Now it is not so well known that these laggards were accompanied by some who were not invited.

Some of these brought knowledge to mankind and to the earth, and some of this knowledge was degenerative and destructive. In addition, they also brought with them strange creatures of their own creation—seemingly intelligent beings not created by God, however, but by advanced scientists on other systems of worlds.

“The extent of the evil of these hordes and that of their mechanical creations has been very great, and the oppression they have wreaked upon mankind has been terrible to behold. The infiltration of the planet by these creatures is indeed a manifestation of human creation, not of the divine creation. God did not create Evil, neither did he create destruction nor hatred nor egoism nor any form of vanity whatsoever. . . .

“...I do not bring forth this information in order to frighten any, but to warn mankind that there are beings among them who are not the creation of God, who are not possessed with the same beautiful electronic pattern and causal body with which a manifestation of God is endowed.

“I propose no so-called witch hunt. I propose that no one search out specifically these beings for identification. . . . I urge that the result of this release of knowledge shall be that you will turn more and more to God for your supply of every good thing, that you will determine more than ever to be alert to assist the mankind of earth in overthrowing absolutely all that is darkness and shadow and pain upon the earth planet. In order to do this

and to break the monstrous plots which the sinister strategies have launched upon mankind, harmony and unity must remain the forte of all who love the Light. . . .

“The existence upon the earth planet of what we may term ‘simulated man’ is a fact carefully hidden from the masses of mankind. Although it is the knowledge of the few, it may become and perhaps should become the knowledge of the many. Yet great care must be used in the dissemination of this knowledge, for it is never the desire of the ascended hosts to do anything except that which would result in the greatest blessing and the release of mankind from every binding condition. . . .

“Therefore, great care must be exercised by mankind today in ferreting out upon the planet those individuals who belong in the classification of ‘the wicked’ lest the innocent lambs suffer for their deeds. It is our hope that the heinous crimes perpetrated against all humanity by those so classified can, in the name of cosmic justice, be corrected without the undue suffering of mankind en masse.

“Through the power of infinite freedom and relieving the consciousness of the gross mechanical sense, we believe that the purposes of God can be fulfilled by divine edict—without the interference of human fanaticism and untempered zeal. It is our hope to squeeze out blind injustice and negation by saturating the planet with those necessary reforms which, by divine love, will remove the bane of that oppression which the wicked rulers have for generations instituted upon the earth.

“At this point a better definition is in order. You will recall that Jesus, in his parable of the wheat and tares, announced that an enemy had sown tares among the wheat.<sup>31</sup> These tares are the counterfeit man. Jesus said they were the children of the Wicked One which exist apart from the original creation of God. And yet, inasmuch as nothing cannot create something, that which was created must have been created by some one who at some time some where drew forth the necessary information to so create.

“In many cases in the New Testament it is recorded in the life of Jesus that he referred to certain individuals as a ‘generation of vipers,’<sup>32</sup> as ‘hypocrites,’<sup>33</sup> and as ‘sons of Satan,’ addressing them in these words: ‘Ye are of your father the devil, and the lusts of your father ye will do. He was a murderer from the beginning, and abode not in the truth, because there is no truth in him. When he speaketh a lie, he speaketh of his own: for he is a liar, and the father of it.’<sup>34</sup> This reference obviously does make a distinction between all men and some men.

“Let me hasten to assure you, then, that there do exist upon the planet creatures who did not come forth from God—who are the counterfeit of the real manifestation. Many of these are consciously in league with the insipid and insidious purposes of the powers of darkness. They seek through conspiracy and plot to ravish the world of its good, to set brother against brother, to confuse, disturb, and destroy harmonies wherever they exist.

“These function on the physical plane, utilizing and directing their energies in a concerted effort against the Light. They are, however, the pawns of ‘spiritual wickedness in high places.’”<sup>35</sup> And the league of the spiritually negative forces with these embodied wicked individuals has resulted in the slaughter of many noble souls down through the ages.

“I am not so interested in identifying and describing these individuals as I am in calling to your attention that they do exist. John the Baptist, as he preached the coming of Christ, foretold the end of this race of mechanical men when he said, ‘O generation of vipers, who hath warned you to flee from the wrath to come?’ Again referring to the barrenness of this counterfeit creation he said, ‘Every tree therefore which bringeth not forth good fruit is hewn down, and cast into the fire.’

“He prophesied the coming of one who would baptize with the Holy Ghost and with fire (with the sacred fire and the purifying power of the violet transmuting flame): ‘Whose fan is in his hand, and he will thoroughly purge his floor, and will gather the wheat into his garner; but the chaff he will burn with fire unquenchable.’”<sup>36</sup>

“Needless to say, these human automatons are the chaff and their final end can come through only one process: transmutation. For this is the only approved method whereby the wicked shall be removed from the face of the earth.

“In the Bible these soulless beings are referred to throughout as ‘the wicked,’ for they have seen

to it that all more specific descriptions of their race have been removed—lest mankind discover them and rise in righteous indignation against their overlords. And thus the death of John the Baptist and that of Jesus the Christ were brought about by the counterfeit race who for thousands of years have set brother against brother, race against race, and have caused the children of God to blame one another for the murders of the saints.

“Today, as always, they occupy positions of authority and financial power. They have gained control of the destiny of empires, and they seek ever to thwart the pure purposes of God. The injudicious use of taxation exerted by their direction has placed an unconscionable yoke upon the neck of humanity.

“Their control of entertainment media and the trends of youth toward dissonant art forms and discordant music has perverted noble attitudes and spawned a race of delinquent rebels whose code, or lack of it, has gnawed at the vital future of America and the people of many nations.

“Modern means of communication and distribution of the printed word, the spoken word, and the dramatic word through television and motion pictures have caused ideas to span continents and the world almost with the speed of light. Like a prairie fire, the dry grass consumes itself to the roots of the hopes of mankind which are blighted, then, by the searing infamy of wasted energy and emotion.

“It is my opinion that through correct action

negation can be overruled. I believe that through the power of prayer as evoked through beloved Jesus' 'Watch With Me One Hour' service,<sup>37</sup> through the conscious use of decrees,\* and through the increased distribution of Ascended Master material and true cultural knowledge, the yearnings of mankind for the golden age will be so strengthened that those who have wrong and selfish thoughts will be exposed as Darkness against Light reveals its true nature.

"The mechanical man is the wolf in sheep's clothing<sup>38</sup> who may defy detection for awhile, but we know how to expose all those who deliberately or in ignorance perpetrate any form of sinister strategy against mankind. . . .

"There is a very old and wicked spirit which has consistently sent forth the ignorant to completely distort the truth. And the lies of mankind uttered in self-conceit, self-defeat, and delusion are sometimes so great that they sway the faith of those who should immediately recognize the foolishness of human nonsense in its crudest manifestations.

"Blessed ones, when will mankind awaken to the fact that the Spirit of God is peaceable, gentle, easy to be intreated, and victorious?<sup>39</sup> When will they recognize that those who produce the biting, stinging statements against their fellowmen are but patterning after their father who was known of old as the accuser of the brethren.<sup>40</sup> Now let us for all time put an end to attitudes of negation. Let students of the Light cease to be the pawns of negative ideas. . . .

\*a dynamic form of spoken prayer used by students of the Ascended Masters to direct God's light into individual and world conditions

“Arise, then, to meditate Truth for yourselves, O mankind! For Truth is above and beyond the bane of mechanicality and carnality. Truth and freedom are synonymous. For Jesus has said, “The Truth shall make you free.”<sup>41</sup>

“Your freedom lies in putting negation forever behind you. To look back upon the burning Sodom is unnecessary. The mount of attainment is ahead. A gentle spirit is not of necessity docile when great causes are at stake.

“I AM determined that the fire of heaven shall flood forth through the student body of this activity to assist them to throw off the weight of human effluvia—to become, if necessary, more like Master Morya rather than less.

“Beloved Jesus expressed many of these aspects, for the description given in the New Testament clearly describes him as one who spake, not as the scribes, but as one having authority.<sup>42</sup> You must first take authority over yourself, then you must take authority over the thoughts that come to you that are not right because you know within yourself that they are not right.

“Then you must take authority over those individuals who come to you either with a spirit of inharmony or with a vocalization of negation. Then you must take authority over the world itself and the mass effluvia of human thought. And it is God in you who will give you your victory. . . .

“A better world will be built. The builders of that world must one day begin. ‘Behold, now is the accepted time; behold, now is the day of salvation.’<sup>43</sup>

The great bonds of cosmic charity which are expressed by the cosmic masters and the entire Great White Brotherhood cannot be refuted by the action of a few individuals or even the many, but the effectivity of right action is in the acceptance of the preceding right thought so that when action goes forth it is guided by holy wisdom. . . .

“We have directed you in love, in honor, and in purity of motive in order to secure for you that eternal grace which is your birthright. Be satisfied with nothing less. Be satisfied with the excellence that we give you, which is as much your own as it is ours. Be unafraid to challenge those who bring strange tidings. But remember the balance of the law, for oftentimes truth is stranger than fiction.

“In this release I have tried to compound many subjects: a mountain of truth, a solid bedrock of faith beneath the mountain, a sense of courage for the climb, a dash of mighty wisdom for the battle of life, and the love that translates into power when it is needed. You are our children, Christ-illuminated and oriented. To you is given the admonishment and understanding of the phrase *To Know, To Dare, To Do, and To Be Silent*.

“The battle lines are being drawn for the invisible victory. The peril of the world is not all gone, but continues to hover like the sword of Damocles over civilization. The need for protection and advancement continues to be very great, but we have not forsaken our chelas nor will we leave you comfortless.<sup>44</sup>

“The end of division and separation, the end

of destructivity, of inhumanity among men is at hand, even at the door. As the sullied garments are laid aside and the clean white linen of Christhood are lovingly enfolded around the children of the Light, the Sun of Eternal Righteousness shall show forth a coming race without spot and without blemish. God wills it so!”<sup>45</sup>

Thus spake the Great Divine Director.

The remainder of his twenty-four-week series is published under his title: “The Mechanization Concept: Mysteries of God on the Creation of Mechanized Man.”<sup>46</sup> It is one of the most important pieces of writing you’ll read in this lifetime — from my estimation.

And so, in the name of the Great Divine Director, we say:

People of earth, descendants of the Central Sun, this is your hour of decision: To ratify or not to ratify on earth the original judgment of the All-Father to cast out from the heaven-world the rebels against the Creator, the usurpers of his office. Upon your decision rests the genetic fate of all future generations of this planet as well as untold others.

Let the children of the Law of the One espouse the Ancient of Days’ code of cosmic compassion and reverence for Life, even while they neglect not their merciful offering to the Father in the daily recitation of the Judgment Call — “They Shall Not Pass!” — which we herewith set forth.

This powerful call was dictated to us by Jesus Christ from the LORD’s judgment seat — for the sparing of the little children of Jesus’ heart from their

frightful fate at the hand of the descendants of the Wicked One. For much is at stake, as Mother Mary told the Catholic world in her Fátima message, even the very spiritual survival of these precious ones.<sup>47</sup>

Wherever you are, worlds without end, O my beloved disciples of the Universal Christ in the Universal Age, won't you stand in honor of all who have ever lost their lives in the contrived wars and concentration camps of the rivalrous Nephilim gods and demand the judgment by the LORD God Almighty of the interplanetary conspiracy of the fallen angels and their mechanization man. From the plane of Light we offer it with you now.\*

The Judgment Call  
 “They Shall Not Pass!”  
 by Jesus Christ

In the Name of the I AM THAT I AM,  
 I invoke the Electronic Presence of Jesus Christ:  
 They shall not pass!  
 They shall not pass!  
 They shall not pass!  
 By the authority of the cosmic cross of white fire  
 it shall be:  
 That all that is directed against the Christ  
 within me, within the holy innocents—  
 within every son and daughter of God—

---

\*Before giving “They Shall Not Pass!” it is best to establish a forcefield of protection around yourself with the “Tube of Light” decree (see page 60). The tube of light, a shield of protective white light from the heart of God, is shown in the Chart of Your Divine Self (facing page 60). Next, invoke the intercession and protection of Archangel Michael with your prayer; then recite a decree to him (see page 63).

by the Nephilim gods, their genetic engineering, population control, and contrived wars, slaughtering the Sons of God and children of the Light on the battlefields of life — \*

Is now turned back

by the authority of Alpha and Omega,  
by the authority of my Lord and Saviour

Jesus Christ,

by the authority of Saint Germain!

I AM THAT I AM within the center of this temple  
and I declare in the fullness of

the entire Spirit of the Great White Brotherhood:

That those who, then, practice the black arts  
against the children of the Light —

namely, the entire interplanetary conspiracy of  
the fallen angels and their mechanization  
man — \*

Are now bound by the hosts of the LORD,

Do now receive the judgment of the Lord Christ  
within me, within Jesus,

and within every Ascended Master,

Do now receive, then, the full return —

multiplied by the energy of the Cosmic Christ —  
of their nefarious deeds which they have practiced  
since the very incarnation of the Word!

Lo, I AM a Son of God!

Lo, I AM a Flame of God!

Lo, I stand upon the Rock of the living Word

And I declare with Jesus, the living Son of God:

---

\*Here insert your specific call for the hosts of the LORD to take command of conditions of personal and planetary injustice which you name.

They shall not pass!  
 They shall not pass!  
 They shall not pass!  
 ELOHIM ELOHIM ELOHIM<sup>48</sup>

Beloved of the Light: Work while you have this Light, this Life, and this Opportunity to use the spoken Word for world goodwill. For they are Christ's own gifts and graces to you in this hour of planet earth's maximum peril.

Summon, then, the courage, take heart! Give this Judgment Call with your own inserts appropriately composed on behalf of the children of God whenever and wherever you become aware of personal or planetary situations of injustice, especially those pointed out in our preceding discussions of the strategies of the dark ones.

Jesus' warning was never more acute, never more accurate: "Fear not them which kill the body but are not able to kill the soul: but rather fear him which is able to destroy both soul and body in hell."<sup>49</sup>

This "fear" must be translated, as the Great Divine Director admonishes us, into the action of dynamic decrees for the Coming Revolution in Higher Consciousness—reversing the tide of the fallen angels' power (the so-called Gentile world power) and transmuting, by the just judgments and sacred-fire alchemy of the Holy Spirit, all opposition to world freedom under the God-government of the true inheritors of the seed of Christ through the Ancient of Days.

Christ forewarns the wise of the factors of failure on the part of the people of Good that spell imminent danger and even doom if we do not tangle with them now:

1. *Failure* to control the reincarnated Atlantean laggard scientists, not only the geneticists but also the zombies in their war games, pitting against the children of Light their computerized robots—now proliferated into a class of mindless, godless, heartless subhumans who kill on command with diabolical delight and not even a supercilious sense of their own passage, in repetitive deaths, to the mists of astral hell holes where they are spawned and respawned—supplying endless bodies for devils to do their dirty work century upon century

2. *Failure* to deal with the destroyers of the earth in every class and rank, whose earmark, like the mark of Cain,<sup>50</sup> is always the denial of God Truth as the animating spirit of the seed of the Universal Christ—and the denial of that God Truth as the solution/resolution in every heavenly and human equation

3. *Failure* to confirm the LORD's judgment of the dead who clutter the earth with their cults of Death, who serve the gods of Sin, championing causes which abort the cycles of Life of the sons and daughters of God from womb to tomb<sup>51</sup>

4. *Failure* to overcome personal and planetary fear by the perfect Love of the Holy Ghost, who has delivered into our hands the full power of the Word in the dynamic decree to the violet fire and the mandate to use it.

All this is in our power to do. The Goddess of Liberty, “our noble Lady with the Lamp,” passes to every American and citizen of the world the torch of true Freedom founded upon true Wisdom of the spirit. Let us seize it and run with it ere this generation and the dreams of a planet be dashed once more upon the rocks, or rockets, of the toilers’ pride.

By the sign of the seventh angel<sup>52</sup> we conquer. By Saint Germain and the violet flame, our sole weapon and battle cry, let us call to Archangel Michael and the hosts of Light to rid the earth of the curse of every creeping, crawling antichrist.

### *Individual Freedom Is the Key to Godhood*

For all of this, and still weightier matters, even God, the Great Creator of Life, has always been concerned first, last and always that we the children of the Light, we the Sons of God should have our individualized freedom—even to our individualized hurt.

Why? Because individual freedom is the key! It’s the key we can turn to become responsible creators in our own domain, friends of God like Abraham<sup>53</sup> yet subject to the bounds and laws of our habitation—definitely survivors in the Aquarian age! By attaining to the knowledge of those spiritual powers with which he is divinely vested, the heir of the promises may chart the course of his own individual life without doctrinal interference from others.

Freedom, true freedom, is the power to create and to re-create oneself after the Divine Image. This teaching on spiritual alchemy and the laws of transmutation governing change in both the physical and spiritual universes<sup>54</sup> is the forte of the Ascended Master Saint Germain, who champions individual freedom because he knows that individual freedom is the key to Godhood. And he knows it is the key to the God-government of the nations vested in the Sons of God—wrested by the fallen angels, soon to be superseded by the coming I AM Race of Christed ones.

Creativity vested in the Godhead is also partially vested in Man's head. That means you. Each and every one of us—whether or not we know what we ought to know—is still given the prerogative of making his own decisions and taking control of the creative energy allotted to him from the Divine Presence. It is entirely up to us, then, to determine what use we will make of that energy.

What, then, are some of the factors of control, human and divine, apparent in the relationship between Man and God?

I find a passage from Saint Paul on the internal strife of our two natures that goes like this:

For that which I do, I allow not: for what I would, that do I not; but what I hate, that do I.

If then I do that which I would not, I consent unto the law that it is good.

Now then it is no more I that do it, but sin that dwelleth in me.

For I know that in me (that is, in my flesh) dwelleth no good thing: for to will is present with me; but how to perform that which is good I find not.

For the good that I would, I do not: but the evil which I would not, that I do.

Now if I do that I would not, it is no more I that do it, but sin that dwelleth in me.

I find then a law, that, when I would do good, evil is present with me.

For I delight in the law of God after the inward man:

But I see another law in my members, warring against the law of my mind, and bringing me into captivity to the law of sin which is in my members.

O wretched man that I am! who shall deliver me from the body of this death?

I thank God through Jesus Christ our Lord. So then with the mind I myself serve the law of God; but with the flesh the law of sin.<sup>55</sup>

Saint Paul plainly spoke of a force within ourselves quite foreign and altogether inimical to the divine intent. He spoke of malevolent influences almost beyond our control that have the power to alter our will to the detriment of the inner design. Yet once upon a time we let them in.

Through his relationship with the God flame in Jesus, Paul became aware of latent thoughtforms and negatively charged forcefields, of astral infections picked up from the lowest levels of the natural man spreading through the subconscious of the race.

He understood the mechanism whereby we automatically outpicture in our lifestreams that which is from beneath, producing those unwanted patterns that are to be found in the garbage dump of world thought and feeling, now existing within ourselves side by side with spiritual alchemical formulas, the untapped treasure—as if we had two planes of manifestation. (And we do—and more than two.)

Such is the danger of free will in the unbridled unconscious of the individual who has not submitted the totality of himself to the will of Christ and the God-control of his Christ Self—sealing heart, head, and hand with the Lord's fiat that seals the place where evil dwells, the place of the uncontrolled passions, the solar plexus.

This chakra at the navel is either the gate of peace or the gate to the astral underworld (of the electronic 'asteroid' belt of every man's untransmuted lower nature). It is the opening, if man allows it, to the demons that rupture through the four lower bodies in riptides and tirades of emotional behavior. Or it is the Open Door for you to release Christ Peace to all life which no man can shut<sup>56</sup>—except thyself.

The Lord's fiat for this "place of the sun" which the solar plexus is intended to be—the Open Door to the Sun of Righteousness who comes with healing in his wings<sup>57</sup>—which we would give to thee is HOLINESS TO THE LORD.

This is the fiat which the LORD instructed to be engraved in gold upon the mitre placed upon Aaron's forehead for the sanctification of the offerings of the people and to commemorate the special relationship between God and the seed of Light (Israel).<sup>58</sup> HOLINESS TO THE LORD. Thus it is written and thus it is worn by the High Priest, your Holy Christ Self, as he officiates at the high altar of the Holy of Holies in your inmost being.

But in the return of the LORD in glory, in the coming era signified by the descent of this beloved Holy Christ Self into each man's temple (the reign of the Universal Christ in all hearts), Zechariah prophesies that HOLINESS UNTO THE LORD shall be written on the bridles of the horses—"Yea every pot in Jerusalem and in Judah shall be holiness unto the LORD of hosts."<sup>59</sup>

This LORD of hosts is none other than the Great Guru of the seed of Abraham, YAHWEH (the Yod He Vau He), the I AM THAT I AM whom we know in his personification as the Ancient of Days, the LORD Sanat Kumara.

He is the most ancient of Avatars, revered in Hindu tradition as Kārttikeya—leader of all the hosts of heaven. He is celebrated throughout the solar systems and far beyond as the One who has

stood with the planetary evolutions in the face of the Great Rebellion of the fallen angels, standing between the children of Light and their intergalactic adversaries. Throughout all ages of our remembering before and beyond, the LORD Sanat Kumara is the ‘Guru-guarantor’ of Man’s relationship to God.

Sanat Kumara is the sponsoring hierarch of all avatars who have ever come to earth on a rescue mission to rescue the children of Light. And he will sponsor every Light-hearted one who is determined on the path of Love.

It is Sanat Kumara (whose name and office have been feared and misinterpreted by religionists without true knowledge) who has taught us with the Masters Jesus and Kuthumi, the Buddhas Gautama and Maitreya that in this hour of personal and planetary Armageddon each child-Man of God through his inner High Priest (Peter’s “hidden man of the heart”<sup>60</sup>) may take the *Holiness Mantra* to sanctify his life and consciousness, his children, his habitation and his possessions — and his very soul.

This teaching is a corollary to the New Covenant which Jesus interpreted to us as we have set it forth in “A Continuation of Opportunity.”\*

Thus, when confronted with the leftover unholiness within the “members” of our four lower bodies, as noted by Paul, the law of Moses and Christ requires that we give the fiat:

**HOLINESS TO THE LORD**

**In the name I AM THAT I AM!**

\*This is chapter 5 in *Lost Teachings on Your Higher Self* (in The Lost Teachings of Jesus pocketbook series), pp. 189–279.

Rejoice, O Israel, in the pure power of God released through your spoken Word! For your most reverent recitation of this divine decree will truly work wonders of God-control and soul-liberation in your life—yes, real God-control over that human that has controlled you too long—whenever you let our God who is the all-consuming sacred fire speak through you, indeed, our God who is always the Giver and the Receiver of the Word.

Nor did Paul leave us or himself in the pitiful plight of sinful man. His resolution of our duality, inherent in our sensuality, found in the eighth chapter of his epistle to the Romans is the alchemy of Comfort to the Son of God who is fully the heir of the Universal Christ. It is the foundation of the Everlasting Gospel, the scientific statement of what Man's true relationship to God can be here and now—on earth as in heaven:

There is therefore now no condemnation to them which are in Christ Jesus, who walk not after the flesh, but after the Spirit.

For the law of the Spirit of life in Christ Jesus hath made me free from the law of sin and death.

For what the law could not do, in that it was weak through the flesh, God sending his own Son in the likeness of sinful flesh, and for sin, condemned sin in the flesh:

That the righteousness of the law might be fulfilled in us, who walk not after the flesh, but after the Spirit.

For they that are after the flesh do mind the things of the flesh; but they that are after the Spirit the things of the Spirit.

For to be carnally minded is death; but to be spiritually minded is life and peace.

Because the carnal mind is enmity against God: for it is not subject to the law of God, neither indeed can be.

So then they that are in the flesh cannot please God.

But ye are not in the flesh, but in the Spirit, if so be that the Spirit of God dwell in you. Now if any man have not the Spirit of Christ, he is none of his.

And if Christ be in you, the body is dead because of sin; but the Spirit is life because of righteousness.

But if the Spirit of him that raised up Jesus from the dead dwell in you, he that raised up Christ from the dead shall also quicken your mortal bodies by his Spirit that dwelleth in you.

Therefore, brethren, we are debtors, not to the flesh, to live after the flesh.

For if ye live after the flesh, ye shall die: but if ye through the Spirit do mortify the deeds of the body, ye shall live.

For as many as are led by the Spirit of God, they are the sons of God.

For ye have not received the spirit of bondage again to fear; but ye have received

the Spirit of adoption, whereby we cry, Abba, Father.

The Spirit itself beareth witness with our spirit, that we are the children of God:

And if children, then heirs; heirs of God, and joint-heirs with Christ; if so be that we suffer with him, that we may be also glorified together.

For I reckon that the sufferings of this present time are not worthy to be compared with the glory which shall be revealed in us.

For the earnest expectation of the creature waiteth for the manifestation of the sons of God.

For the creature was made subject to vanity, not willingly, but by reason of him who hath subjected the same in hope.

Because the creature itself also shall be delivered from the bondage of corruption into the glorious liberty of the children of God.

For we know that the whole creation groaneth and travaileth in pain together until now.

And not only they, but ourselves also, which have the firstfruits of the Spirit, even we ourselves groan within ourselves, waiting for the adoption, to wit, the redemption of our body.

For we are saved by hope: but hope that is seen is not hope: for what a man seeth, why doth he yet hope for?

But if we hope for that we see not, then do we with patience wait for it.

Likewise the Spirit also helpeth our infirmities: for we know not what we should pray for as we ought: but the Spirit itself maketh intercession for us with groanings which cannot be uttered.

And he that searcheth the hearts knoweth what is the mind of the Spirit, because he maketh intercession for the saints according to the will of God.

And we know that all things work together for good to them that love God, to them who are the called according to his purpose.

For whom he did foreknow, he also did predestinate to be conformed to the image of his Son, that he might be the firstborn among many brethren.

Moreover whom he did predestinate, them he also called: and whom he called, them he also justified: and whom he justified, them he also glorified.

What shall we then say to these things? If God be for us, who can be against us?

He that spared not his own Son, but delivered him up for us all, how shall he not with him also freely give us all things?

Who shall lay anything to the charge of God's elect? It is God that justifieth.

Who is he that condemneth? It is Christ that died, yea rather, that is risen again, who

is even at the right hand of God, who also maketh intercession for us.

Who shall separate us from the love of Christ? shall tribulation, or distress, or persecution, or famine, or nakedness, or peril, or sword?

As it is written, For thy sake we are killed all the day long; we are accounted as sheep for the slaughter.

Nay, in all these things we are more than conquerors through him that loved us.

For I am persuaded, that neither death, nor life, nor angels, nor principalities, nor powers, nor things present, nor things to come,

Nor height, nor depth, nor any other creature, shall be able to separate us from the love of God, which is in Christ Jesus our Lord.<sup>61</sup>

### *Knowledge of Spiritual Self-Defense Is Necessary*

As we have seen, the same Law that works together for the good of them that love the Light is subject to abuse by such as the Atlantean scientists reincarnated in our midst. Divine Science, the gift of the Divine Mother, taught by Moses, Aaron, the prophets, Christ, the apostles and the Eastern adepts, is imperiled by the same ones—the extra-terrestrial scientists who for tens of thousands of years have set themselves to the task of engineering earthlings to their uses.

Now we see those who “fell,” in rockets or spacecraft or by their own karmic weight (technically, the Nophilim) and those who were “cast down” by the right arm of the LORD’s archangel, Michael (the Nephilim, general term used for both<sup>62</sup>), turning to their advantage the present dark cycle of mankind’s returning karma—this most difficult transition we are passing through as we move from the Piscean to the accelerated Aquarian vibration.

Therefore, understand the Great White Brotherhood’s concern for your safety and survival unto the fulfilling of your mission on planet earth—what with the dangers of invisible poisons that penetrate the astral as well as the physical planes of earth’s atmosphere, including radioactive fallout, along with the pesticides and chemical pollutions, germ warfare and yellow rain, harmful cosmic rays and the unknowns of UFOs, all of which can be picked up to contaminate not only the physical envelope of man and beast but also the aura and the energy field.

We would remind you to re-create daily the beautiful tube of light, your shower of radiant energy from the heart of God that Jesus invoked and that can be invoked by you, as we have already taught you to do\* for your protection in all planes of consciousness.

It’s high time, in this age of agents and aliens and astral entities, that you made a habit of this tube of light—for it is the habit (customary dress) of the religious devotee and the undergarment of the saints.

---

\* See chapter 2, “The Chart of the I AM Presence,” in *Lost Teachings on Your Higher Self*, pp. 43–111.

Call it down around yourself and your loved ones as an effective shield against the intrusion of all unwanted energies—from the psychotronic manipulation of brain waves and the nervous system to psychic projection, mass hatred, the common cold and virulent viruses and, yes, interference with your genes through drugs, vaccinations, fetal experimentation, etc., etc., and whatever other madness they may come up with as the century presses on to its tensely coiled conclusion.

You have to learn your own system of spiritual defense. Because it's the basics in holding on to the relationship of Man and God. It's the only way—given the world situation as it is today—to be a survivor, spiritually, mentally, emotionally and physically. This system is based on the principle of harmony—God-harmony in your members—practiced all ways.

I am convinced by my knowledge of and experience with cosmic law that human beings who are unhappy—who are bored with life, who have a warped view of life, and who are not getting out of life what they ought to—are suffering purely as the result of their own wrong act of not spiritually defending themselves against the negative vibrations of the world.

“Well,” you say, “they have never heard of the tube of light and so they must be very vulnerable to those negative forces that afflict the mind and soul with depression and nihilistic tendencies.” And I would agree with you.

At this juncture teenage suicide is one of the major causes of death among our youth. Suicide is becoming a way out taken by increasing numbers of adults without recourse to the Godhead. Is anyone else offering a solution that works?

That is the reason why this organization exists: to disseminate the knowledge of cosmic law to the people of earth, because people need to have a basic knowledge of spiritual defense to protect themselves—not by fighting at the drop of a hat to defend their domain, but by a cosmic invulnerability.

I'm talking about your invulnerability to the forces of Death and Hell that are lurking both inside and outside of your psyche and aura, which invulnerability the tube of light gives you when you call it forth from your Beloved Mighty I AM Presence.

You need to sustain your tube of light around your physical form. Don't be chary about repeating this decree as many as nine times, or renewing your call several times a day. Discord will shatter the forcefield of this "crystal fire mist solidified," so when you rupture your tube of light by inharmony of any kind, including self-pity and self-condemnation as well as emotional outbursts or unkind words, you must call upon the law of forgiveness and reestablish your harmony by the violet transmuting flame which transmutes all discord on contact by your fervent decree; and then reinvoke your tube of light.

So let's engage in a moment of Universal Oneness and stand and face the Chart\* together as we give El Morya's abbreviated but highly effective "Tube of Light" decree. Since Morya says, "Time is not," we can share a cosmic moment as we look through God's eye and 'see' this white-fire cylinder (it helps if you visualize it as a cylinder of white fire nine feet in diameter, sealed all around on the outside in the blue-flame shield of Archangel Michael) drop down from our own Beloved God Presence and then 'see' ourselves standing in an inner tube of violet fire that transmutes and consumes the subconscious records of past lives and race memories interfering with our current acceleration.

Let's give it four times for the sealing of the Trinity (in our threefold flame) and the Universal Mother (her light in our chakras) within our four lower bodies.

Together:

Beloved I AM Presence bright,  
 Round me seal your Tube of Light  
 From Ascended Master Flame  
 Called forth now in God's own name.  
 Let it keep my temple free  
 From all discord sent to me.

I AM calling forth Violet Fire  
 To blaze and transmute all desire,  
 Keeping on in Freedom's name  
 Till I AM one with the Violet Flame.

## *Chart of Your Divine Self*

*There are three figures represented in the Chart of Your Divine Self. We refer to them as the upper figure, the middle figure and the lower figure. These three correspond to the Christian Trinity: The upper corresponds to the Father, who is one with the Mother, the middle to the Son, and the lower to the temple of the Holy Spirit.*

*We address our Father-Mother God as the I AM Presence. This is the I AM THAT I AM, whom God revealed to Moses and individualized for every son and daughter of God. Your I AM Presence is surrounded by seven concentric spheres of rainbow light. These make up your Causal Body, the bidding place of your I AM Presence. In Buddhism it is called the Dharmakaya—the body of the Lawgiver (the I AM Presence) and the Law (the Causal Body).*

*The spheres of your Causal Body are successive planes of God's consciousness that make up your heaven-world. They are the "many mansions" of our Father's house, where you lay up your "treasures in heaven." Your treasures are your words and works worthy of your Creator, constructive thoughts and feelings, your victories for the right, and the virtues you have embodied to the glory of God. When you judiciously exercise your free will to daily use the energies of God in love and in harmony, these energies automatically ascend to your Causal Body. They accrue to your soul as "talents," which you may then multiply as you put them to good use lifetime after lifetime.*

*The middle figure in the Chart represents the “only begotten Son” of the Father-Mother God, the Universal Christ. He is your personal Mediator and our soul’s Advocate before God. He is your Higher Self, whom you appropriately address as your beloved Holy Christ Self. John spoke of this individualized presence of the Son of God as “the true Light, which lighteth every man that cometh into the world.” He is your Inner Teacher, your Divine Spouse, your dearest Friend and is most often recognized as the Guardian Angel. He overshadows you every hour of the day and night. Draw nigh to him and he will draw nigh to you.*

*The lower figure in the Chart is a representation of yourself as a disciple on the path of reunion with God enveloped in the violet transmuting flame. It is your soul evolving through the planes of Matter using the vehicles of the four lower bodies to balance karma and fulfill her divine plan. The four lower bodies are the etheric, or memory, body; the mental body; the desire, or emotional, body; and the physical body.*

*The lower figure is surrounded by a tube of light, which is projected from the heart of the I AM Presence in answer to your call. It is a cylinder of white light that sustains a forcefield of protection 24 hours a day, so long as you maintain your harmony in thought, feeling, word and deed.*

*Sealed in the secret chamber of your heart is the threefold flame of Life. It is your divine spark, the gift of life, consciousness and free will from your beloved I AM Presence. Through the Love, Wisdom*

*and Power of the Godhead anchored in your threefold flame, your soul can fulfill her reason for being on earth. Also called the Christ flame and the liberty flame, or fleur-de-lis, the threefold flame is the spark of the soul's Divinity, her potential for Christhood.*

*The silver (or crystal) cord is the stream of life, or "lifestream," which descends from the heart of the I AM Presence through the Holy Christ Self to nourish and sustain (through the seven chakras and the secret chamber of the heart) the soul and her four lower bodies. It is over this 'umbilical' cord that the light of the Presence flows, entering the being of man at the crown chakra and giving impetus for the pulsation of the threefold flame in the secret chamber of the heart.*

*The lower figure represents the son of man or child of the Light evolving beneath his own 'Tree of Life'. The lower figure corresponds to the Holy Spirit, for the soul and the four lower bodies are intended to be the temple of the Holy Spirit. The violet flame, the spiritual fire of the Holy Spirit, envelops the soul as it purifies. This is how you should visualize yourself standing in the violet flame. You can invoke the violet flame daily in the name of your I AM Presence and Holy Christ Self to purify your four lower bodies and consume negative thoughts, negative feelings and negative karma in preparation for the ritual of the alchemical marriage—your soul's union with the Beloved, your Holy Christ Self.*

*Shown just above the head of the Christ is the dove of the Holy Spirit descending in the benediction*

*of the Father-Mother God. When your soul has achieved the alchemical marriage, she is ready for the baptism of the Holy Spirit. And she may hear the Father-Mother God pronounce the approbation: "This is my beloved Son in whom I AM well pleased."*

*When your soul concludes a lifetime on earth, the I AM Presence withdraws the silver cord, whereupon your threefold flame returns to the heart of your Holy Christ Self. Your soul, clothed in her etheric garment, gravitates to the highest level of consciousness to which she has attained in all of her past incarnations. Between embodiments she is schooled in the etheric retreats until her final incarnation when the great law decrees she shall return to the Great God Source to go out no more.*

*Your soul is the nonpermanent aspect of your being, which you make permanent through the ascension process. By this process your soul balances her karma, bonds to your Holy Christ Self, fulfills her divine plan and returns at last to the living Presence of the I AM THAT I AM. Thus the cycles of her going out into the Matter Cosmos are completed. In attaining union with God she has become the Incorruptible One, a permanent atom in the Body of God. The Chart of Your Divine Self is therefore a diagram of yourself—past, present and future.*

*Further instruction on the Chart of Your Divine Self is given in Lost Teachings on Your Higher Self (in The Lost Teachings of Jesus series) and The Path of the Higher Self (book one of the Climb the Highest Mountain series), by Mark L. Prophet and Elizabeth Clare Prophet.*

## What did Jesus really teach his disciples two thousand years ago?

Did Jesus know the challenges we would face today? And did he give us a divine solution?

In *The Lost Teachings of Jesus* series, Mark L. Prophet and Elizabeth Clare Prophet show that many of Jesus' original teachings were lost. Some were never written down. Others were altered by Church councils. And those that were recorded in the Bible are misinterpreted to this day.

The Prophets set the record straight with a bold reconstruction of the essence of Jesus' message.

In *Lost Teachings on Finding God Within*, they show you how to put the teachings of Jesus into action to meet the challenges of life. And they share effective techniques you can use to access the creative power of your Real Self.
